

EXPLORE THE ISLANDS OF  
**HAWAII**

THROUGH THE FOUR ELEMENTS OF  
EARTH, AIR, WATER & FIRE

EXPLORE

# EARTH

Experience up close and personal the beauty of mother nature through Hawaii's renowned tropical rainforests filled with countless wildlife, plant life and waterfalls!

Capture some of the most breathtaking views from the tremendous heights of Hawaii's mountain ranges!

[LEARN MORE](#)

# AIR

Experience a new perspective of the islands from above with private guided helicopter tours!

Capture the sensation of weightlessness through parasailing up to 1,000 feet high!

Admire a view of the cosmos from above the clouds at Kona's summited observatories!

[LEARN MORE](#)

# WATER

The Hawaiian islands are home to some of earth's bluest and clearest oceans, which is essential for swimming and snorkeling, especially when it comes to spotting sea life!

Hawaii's oceans also have sufficient tides for catching a decent surf year-round!

[LEARN MORE](#)

# FIRE

The big island of Hawai'i is home to the state's active volcanoes, Mauna Loa and Kilauea.

Visit these sights at night to experience an exhilarating natural wonder.

A must see!
