

MANTA  
RAY  
*Resort & Spa*

"The perfect place to  
break your soul"  
- Beyoncé

# About

A large manta ray is the central focus, swimming horizontally across the frame. Its white underside is visible, with dark spots on its head and gills. The water is a deep, clear blue, and several smaller fish are swimming around the manta ray. In the lower part of the image, the heads and fins of divers are visible, indicating an underwater environment.

Unlike most typical beach resorts & spas, guests are in for the experience of a lifetime, with up close and personal interactions with manta rays like never before!

No matter where you go, you're pretty much surrounded by manta rays one way or another, as the resort is built on top of and around a giant manta ray-filled blue lagoon!

# Bungalows

The image shows three traditional thatched-roof bungalows built on stilts over a clear, turquoise lagoon. The bungalows have wooden decks and are surrounded by lush tropical vegetation, including several tall palm trees. The sky is bright blue with scattered white clouds. The water in the foreground is very clear, showing ripples and reflections of the sky and the bungalows.

Supported above the lagoon are individualized resort bungalows for guests to reside in which come with a built-in see-through acrylic glass basements to provide an underwater perspective. Each dock comes with food to handfeed the rays and a small two-person wooden row boat to explore the property.

# Interiors

Our bungalows range from a single king size bed to two queens and two fulls. Couches do pull out into a pullout bed. Rollaway beds with a twin-sized mattress are also provided, but are not automatically included upon check-in and must be requested.

Bathrooms include drop-in bathtubs and step-in showers which are specifically designed for handicap accessibility.

# Amenities

Our spa offers luxurious signature treatments like massages, facials & body treatments, and commits to providing the most experiential experience to our guests.

# Kids Club

Our kids club offers exclusive activities for your child like miniature golf, scavenger hunts, petting & feeding the sharks and rays in the touchpool, releasing turtle hatchlings, and more!

# Human-to-Manta Interactions

Located in the heart of the resort is a designated swimming area designed specifically for human-to-ray interactions.

Designed to simulate the same exact experience as being in the ocean, the resort offers snorkeling and scuba diving excursions in its own 80-foot deep oceanwater lagoon in both the daytime and nighttime.

# Conservation Efforts

Along with providing guests with top-notch hospitality, the Manta Ray Resort is committed to rescuing and rehabilitating injured marine animals with their state-of-the-art Rescue & Rehabilitation, or R&R Center. In addition, they also have an incubation hatchery designed to protect and repopulate endangered sea turtle species.

# Friday Night Fireworks

We value the satisfaction of our guests more than anything in the whole wide world, and our commitment to providing them with a memorable lifetime experience is something we don't think twice about. This is why every Friday night at 8pm we host our grand fireworks show to captivate the skyline, which is something not to be missed!

"Nights were flawless,  
couldn't let them go;  
this resort was beyond  
enchanted"  
- Taylor Swift
