

CAN'T KICK UP THE ROOTS

(partial)

by Neck Deep

Ethan Altshuler

the sound of my youth
echoes out through

THESE
EMPTY
STREETS

I GUESS I CAN'T
KICK UP THE ROOTS

it's home and

that's the truth

I've been

wasting away

but in a town
with no way out

there's not much else
to do anyway

if you're
looking for

a place to decay

A scenic view of a hillside with houses and trees, overlaid with a blue and purple sky and white scratches. The text is written in a stylized, hand-drawn font.

then there will
always be a place

in my town
called Revelry
